Athens

Astra's Suite of Athens Bin Enclosures boast a remarkable heavy-duty DIY modular construction that has been designed, manufactured, and assembled locally here in Australia. The admirable quality of the Athens range, achieved through the use of high-quality material and meticulous processes, contributes to the longevity of the bin enclosures.

The diverse range of bin enclosures that make up the suite create the perfect fit of recycling and waste disposal options that will seamlessly blend into any environment whilst adding a level of sophistication and premium quality to your facility.

Athens
