Through many years of redevelopments, changes in ownership and multi-million-dollar upgrades, Vicinity acquired management in 2013.

**What the client said**

**“The bins are performing extremely well! The slats on our previous bins would break and fall off and the liners were really brittle. When we changed to the Astra London Bins they have been perfect – no breaks or damage and the liners are very heavy duty. We are very pleased with the bins and will be getting more in the future.”**
