Textura Black	Lunar Eclipse	Vivica Charcoal Metallic	Citi Pearl
			
Leaf Satin	Reef Gloss	Moonlight Satin	Electro Gold Pearl
			
CoreTen GX	Flame Gloss		

The Astra Bollard Range

Berlin Bollards

Berlin Bollards are made with a combination of galvanised steel and inset slats to create incredible design choice. An attractive street furniture item, these bollards can include a hole for barrier cable or chain and can alternatively be used by cyclists to lock their bike with Class 3 Security compliance.

(See Pages 5-7)

Stainless Steel Bollards

Astra's stainless steel bollards are constructed from robust heavy-wall 316 marine-grade stainless steel, our bollards promise enduring protection and resilience. Each bollard boasts a polished, sleek finish, enhancing the aesthetic of its surroundings with a touch of elegance. Opt for our stainless steel bollards for a perfect blend of longevity, functionality, and design flair, making them an ideal choice for any landscape.

(See Pages 8-10)

Concrete Bollards

Our Concrete Bollards are a creative street furniture item used to demarcate between areas. Concrete bollards also offer a great opportunity to add an artistic quality to a space while ensuring clear sight lines and acting as barriers to protect pedestrians and/or buildings. Concrete bollards can be used to protect pathways, play areas, and bicycle tracks. They can serve as removable bollards when detached or anchored to be used as fixed bollards.

(See Pages 11-13)

- + **Bollards** - 316 Marine Grade Stainless Steel Base Plate 90(D)x900(H) mm

Macquarie College is a Preschool to Year 12 school located on a large eight-hectare site in Wallsend. Macquarie College resides between the rapidly growing Lake Macquarie City Council and Newcastle City Council areas, servicing families throughout the Hunter region, including Cessnock, Maitland, Newcastle, Swansea and Cooranbong.

What the client said

“Bollards are very high quality, better than expected! We will be getting more in the next stage of work.”

Willoughby City Council is a local government area located in the Lower Northern Shore of Northern Sydney, NSW being a key location for multiple booming suburbs. Chatswood is the main commercial centre of the council, being the home to one of Sydney's urban skyscraper clusters. The council offers multiple venues available for community use such as leisure centres, art galleries, kids community centres, outdoor pavilions, youth centre, a local library with a wide range of meeting rooms, and much more.

What the client said

“The bollards look great and provide a substantial barrier at the top of the embankment to protect people on the pathway from cars on the driveway. We also used them near the entry to block cars from driving on landscape areas beside the gate. A solution that is functional and looks great!”

The community hub is a well established multipurpose community facility that is located in Victoria's Kurunjang. The Kurunjang Community Hub was a \$3.1m project, with the state government contributing \$2.5m, and Melton Council contributing \$300,000. The focus of the Kurunjang project was to enable the thriving community to be brought together and allow members of the community to interact together.

What the client said

The council said, "the facility is great and the concrete bollards with the smooth finish look really good!"
